During the school year, many ambitious students work hard to achieve high goals which they have set for themselves. In this 1972 edition of Acorn, recognition is given to those who have attained these goals. The memory of these achievements will be pressed between the pages of your yearbook for you, the students of Oakes High School to turn to numerous years from now. Enjoy and cherish your yearbook, for its the only thing you will have left of your schooldays.

(below) Don Henninger received the Oakes High Mathematical Award awarded to the individual who scores the highest rating on the National Math Exam.

(right) Julie Pfeifer won 2nd place in Broadcasting at District Speech and also placed in the State Speech Contest.

The Family

LIFE magazine, THE CHRISTIAN ADVOCATE, and the READER'S DIGEST have all described with affection and approval the actual family about which this play is concerned. There has been a ninety-minute television spectacular devoted to the earlier aspects of this family's life. In the play you have here, you will find the family concerned with typical teen-age problems, some of them quite hilarious. Yet, all through the play, you'll experience warmth and great human understanding. While much of the play is fictional, a part of it is true - part of it actually happened.

During the 1971-72 year Tornadoes again upheld the motto, "Sportsmanship then Victory."

Losing came a lot more often than students would like to have seen it; however, everyone stayed together till the very end. For seniors, it was the last chance to display the gift of sportsmanship at Oakes High.

That pat on the back, courtesy to officials and visiting schools sometimes strained our pride. Most of all, the ability to hold our heads high even when we left the field with a big loss did not come easily. But it did come!

*Don't Look Back . . .
The life of a high school student is a composite assortment of involvement including many trips to the personal hall locker, stage hand or stardom in the school musical, mass enjoyment of an assembly and receipt of tomorrow's homework assignment. Don't look back, something may be gaining on you.*

Graduates Take the Final Step!

The commencement exercises for the 1972 graduating class were held Friday, May 26th beginning at 8:00 p.m.

Speaking to the graduates on a topic concerned with their future welfare, Dr. Conrad E. Ronnenburg, who has a very long line of

impressive credentials, spoke on the many new, opening opportunities for today's young people.

Mr. Schmiss and Mr. Dendinger helped in the ceremonies by introducing the speaker and class members.
